Lecture Scribe Instructions

L20.pdf
PDF

> "Generate a lecture scribe intended to serve as reference material for exam preparation. Use *ONLY* the provided context (Lecture 20 slides).
> *Instructions:*
> 1. *Purpose:* The scribe must be exam-ready, strictly following the content of the slides.
> 2. *Content:* Include definitions, assumptions, theorem statements, proofs or derivations, and worked examples *exactly* as presented in the lecture materials.
> 3. *Constraints:* Do not introduce new examples, outside information, or hallucinations. Do not use phrases like 'for example' to add your own content.
> 4. *Structure:* Organize the scribe clearly with appropriate headings corresponding to the lecture flow.
> *Goal:* Produce a clean, accurate revision document based solely on the attached file."
please make this instructions

Here are your **clean, exam-ready instructions** rewritten clearly and properly:

📘 Lecture Scribe Instructions (Exam Preparation)

Purpose:
Generate a lecture scribe that serves as accurate and reliable reference material for exam preparation, strictly based on the provided Lecture 20 slides .

---

1. Content Scope

- Use **ONLY** the provided lecture material (Lecture 20 slides).
- Do **not** include any external knowledge or assumptions.

---

2. Required Content

The scribe must include exactly what is present in the slides:

- Definitions
- Assumptions
- Theorem statements
- Proofs / derivations
- Worked examples (only if explicitly given in the slides)

---

3. Strict Constraints

- Do **NOT** add new explanations, examples, or interpretations.
- Do **NOT** include outside information.
- Avoid any AI-generated additions or assumptions.
- Do **NOT** use phrases like *"for example"* unless they appear in the slides.

---

4. Structure & Organization

- Organize content using **clear headings** matching the lecture flow.
- Maintain logical sequencing exactly as presented in the slides.
- Keep formatting clean and easy for revision.

🎯 Goal

Produce a **precise, structured, and exam-focused scribe** that faithfully represents the lecture content without any modification or addition.

If you want, I can now generate the **full Lecture 20 scribe** exactly following these instructions 👍
